## DUCKY ROOM

We welcome March with open arms in the Ducky Room! We had such a great Valentine's Day with all of your donations! We are so excited that the weather is warming up a bit and soon we won't need all of our winter gear when we go outside. We learned all about arctic and farm animals, love and other emotions during the month of February. We will continue to work on emotions with our toddlers as they learn how to express them. If you have any questions for us please don't hesitate to message.

We had fun celebrating Valentines. We made art projects that helps us remember Jesus Love for us. We made Valentines for the teachers in our school that said Jesus Loves you! It was so much fun delivering them! We had a great Hearts for Jesus party. We ended the month reading some great books about being angry and how to help us with our big emotions!

### Afternoon Class

Hello to all our wonderful friends and families.

It is hard to believe that it is March! The units we will be focusing on this month are Dinosaurs, St. Patrick's Day and starting our Easter unit at the end of the month. Thank you to all the families who participate in "Take Home Tuesdays". The kids really love taking home books to read with you. Thank you also for returning your books, and replacing them if needed. This really helps me keep this self-run program running smoothly. We are so thankful to be trusted here at Our Savior to care for your children!

Blessings,

**Miss HillieRe and Miss Lena**

## KSK

February brought us a month filled with learning and LOVE! We were reminded of how much Jesus loves us and how important we all are to him.

We celebrated 100 days of learning. We had fun collecting 100 postcards (124 arrived-THANK YOU to all!) to celebrate 100 days .

We had lots of counting and skip counting FUN! March will have us learning about Dr. Suess, Holy Week/Jesus' journey to the cross for our salvation/Easter, Signs of Spring and Rainbows.
